

## Connected Classrooms, Empowered Teachers, Engaged Caregivers, Powering Possibilities

Schools are leveraging our affordable wireless broadband and connected devices to close digital equity gaps by expanding access to learning resources and empowering educators.

As a nonprofit provider with over 240 years of collective industry experience, we deliver high-speed, scalable solutions tailored for K–12 environments. Our sustainable approach—partnering with PC refurbishers—and expert, personalized support ensures schools get the tools, onboarding, and device management they need to succeed.

### Explore how your school can ensure it's a **thriving engaged community**.

#### Professional Development

Provide teachers with broadband access for training, webinars, and online resources.

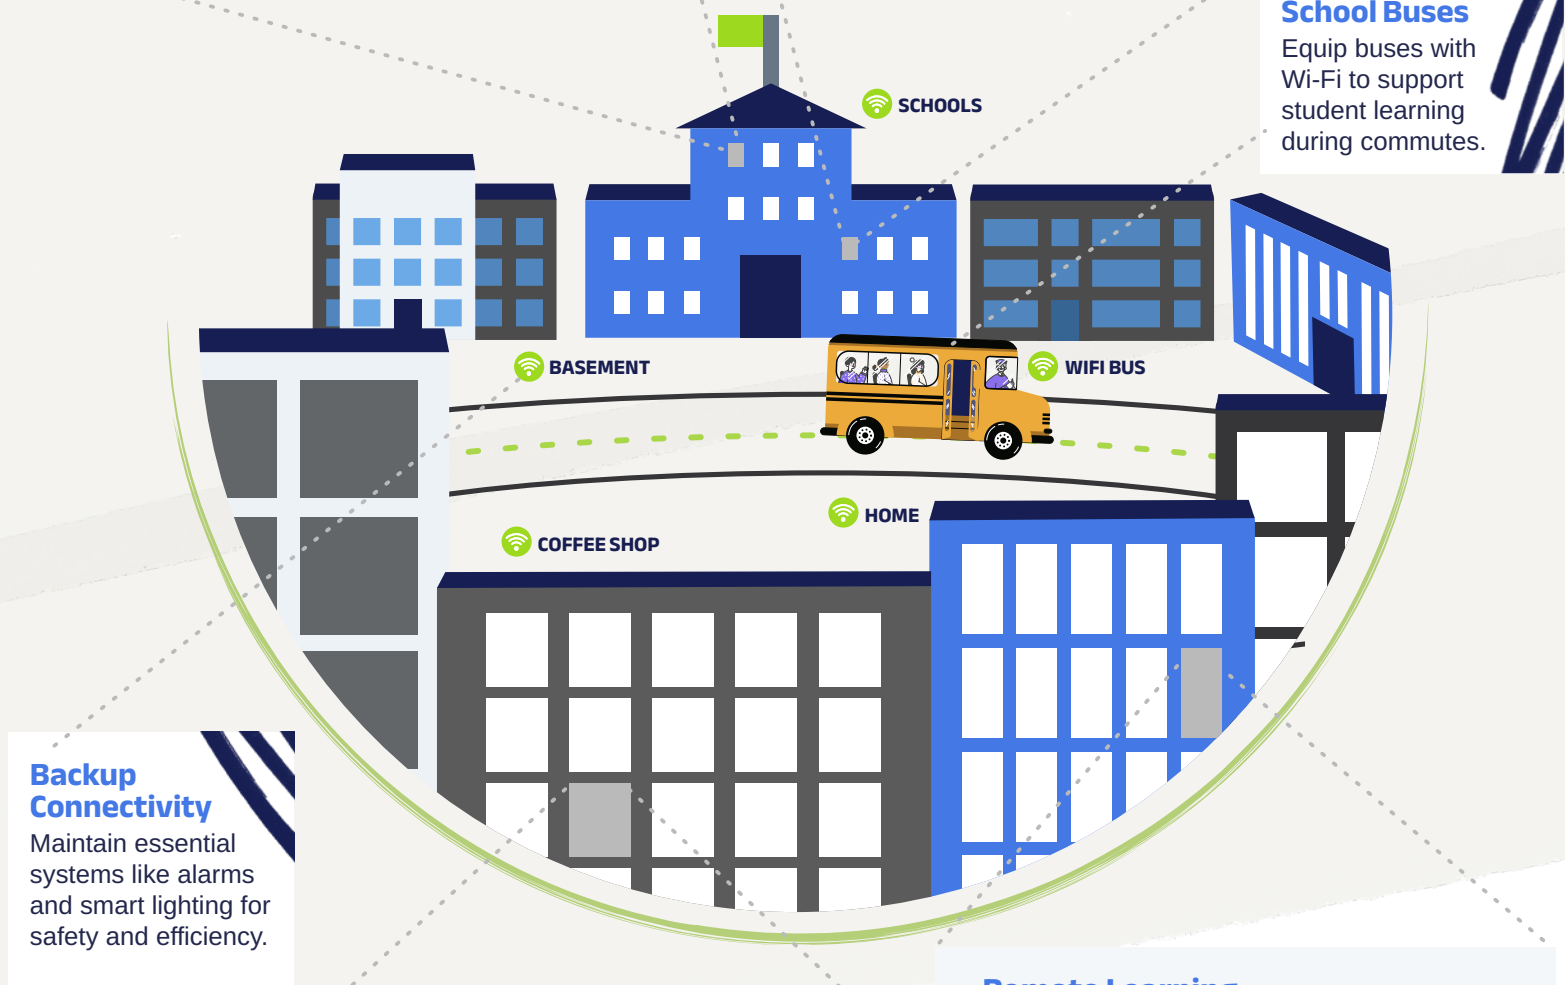

#### Classroom Technology

Support smartboards, tablets, and other connected devices to enhance interactive learning.

#### Connected School Buses

Equip buses with Wi-Fi to support student learning during commutes.

#### Backup Connectivity

Maintain essential systems like alarms and smart lighting for safety and efficiency.

#### Parent-Teacher Communication

Expand access to platforms like Zoom and parent portals, especially in under-resourced areas.

#### Remote Learning

Ensure students have reliable internet access for online classes, assignments, and virtual collaboration. We are the E-Rate substitution without the paperwork and uncertainty.
